In October we went and visited the Barking and Dagenham future careers event, in which the children got to meet people from different jobs and found out how they go to be where they are.

We started PSHE in October which has given the children a place to share their feelings and opinions in a safe environment.

In Maths, we have been learning about place value. We have been learning how to add and subtraction use base 10 materials and using column method with and without exchanging 3 digit numbers.

In art and design the children have been learning how to draw a life like bird. Then we designed our own 3D birds using recyclable materials.

In English, the children wrote a dilemma story. They managed to use all the skills they learnt over the 3 weeks to produce something enthralling dilemma stories.

OCTOBER 2019
