May 2017

Dear applicant

The design and technology department is rapidly expanding and offers a full and broad range of professional developmental opportunities for the successful candidate. Applications from NQT's are welcome.

We are looking to appoint an innovative and enthusiastic teacher of design and technology with exceptional subject knowledge to join our highly successful and collaborative department.

The successful candidate will:

- Be able to teach at all key stages, including A-Level.
- Show evidence of being, or having the clear potential to be, an outstanding teacher of design and technology.
- Contribute and show commitment to our innovative and forward thinking department.
- Contribute to intervention programmes and other after-school activities.
- Play a full and active role in the life of the school.
- Be a reflective practitioner who focusses on continuous learning.
- Want to make a real difference to the lives of all young people
- Be committed to the happiness, well-being and progress of everyone at the school

In return, we can offer you:

- A cohesive team of people who believe in working collaboratively; sharing ideas and supporting each other.
- The opportunity to further develop innovative teaching and learning strategies to ensure students achieve excellence.
- Participation in lesson studies which provide an opportunity for collaborative planning and the detailed and evaluative analysis of specific pedagogical foci.
- Unrivalled CPDL opportunities to further develop your skills as a classroom practitioner and to develop leadership skills as you progress.
- A purpose built and well-resourced design and technology department, with brand new workshops complete with data projectors and smart boards, and excellent CAD/CAM provision including laser cutters and a 3D printer.

Yours faithfully

Richard Lord
Deputy Headteacher
