PHYSICAL ACTIVITY

1.0 INTRODUCTION

Nationally there is a growing problem with obesity and unhealthy lifestyles. There is strong consistent evidence that doing regular, moderate-intensity physical activity provides a range of physical, intellectual and emotional benefits for everyone.

Riverside Bridge School is committed to promoting the health and well-being of all pupils and staff through physical activity. The aspiration in developing this policy is to influence the whole school community to establish and maintain lifelong physical activity habits.

Riverside Bridge School strives to maximise opportunities for children, young people and all associated with the school to be physically active by promoting all avenues for activity. This includes the curriculum, environment and wider community.

The school PE Lead is Mr Nick Luxmoore.

3.0 DEFINITION OF PHYSICAL ACTIVITY

Physical activity is defined as 'any force exerted by skeletal muscle that results in energy expenditure above resting level' and includes 'the full range of human movement, from competitive sport and exercise to active hobbies, walking and cycling or activities of daily living.

4.0 ROLES AND RESPONSIBILITIES

The School has responsibility to ensure that every pupil is presented with the opportunity to participate in good quality physical activity experiences to enhance their learning and development.

All staff play a major role and are encouraged to become involved in the school physical activity programme to motivate pupils to be more active and be a role model.

All staff responsible for physical activity should ensure that basic rules regarding behaviour are established and adhered to.

Rules regarding clothing, footwear, jewellery etc. are encouraged during physical activities.
