

In Maths we have been learning how to solve word problems. We have been counting in groups and investigating less and more.

February

We visited the Natural History Museum!
It was a very tiring day but we enjoyed looking at the fossils that Mary Anning had discovered and the moving T-Rex. We learned about the tools they used to free the fossils and saw some life sized models.
Dinosaurs were **gigantic**!

In D&T we made dinosaur eggs with clay. Did you know that some dinosaurs laid their eggs in a spiral pattern?

In Literacy we have written a thank you letter, reviewed our trip and have used our dinosaur knowledge to create 'Who am I?' riddles.
