

Splendid Skies

Half-Term Project

Our topic for this half term is Splendid Skies . These activities are for you to do at home with an adult. You can do all of them or choose the ones that you find most interesting.

Your project is due by **Tuesday 30th November**

Choose a favourite Season this could be; Winter, Summer, Spring or Autumn.

Please write sentences about why and what you like to do in that season and create a crafty piece of art work using paint, natural materials, cotton wool or twigs. Be creative!

Learn about the current season by going for a walk in your locality. Talk about the weather with your adult and spot the seasonal features such as flower buds, nuts, and brown leaves. Draw a picture of what you have seen. Maybe even take some photos.

With adult supervision, create an information sheet about the impact natural disasters have on our planet.

Weather forecasters use symbols on maps to tell people what the weather will be like where they live. Design weather symbols for the different types of the weather listed
Cloud, Rain, Sun and Cloud, Snow.
