

Riverside Primary Geography Principles

Created and agreed by staff and children

We understand how the Earth's features are shaped, interconnected and changed over time.

We have a growing knowledge about the world.

Geography has a WOW factor and inspires curiosity and fascination about the world and its people.

Geography is good when...

We know about diverse places, place, resources and natural and human environments.

We have a deep understanding of the Earth's key physical and human processes.

We learn something new and make links to prior learning.

When learning is exciting, challenging and memorable.
