Week 16

Emulate

Etymology (origins)

*Latin 1580s – Latin "aemulatus" past participle of "aemulari" meaning to **rival**.*

Word Class: Verb

Meaning: Match or surpass (better) a person or achievement, typically by imitation.

Example: 1. Taj tried to **emulate** Miss Hilton's running technique.

2. My ambition from the time I can remember was to **emulate** what he did.
3. I would rather you find your own voice and not **emulate** your favourite singer.
4. Sue is going to **emulate** her brother's strong work ethic in order to be successful.
