Year 9 – Summer Home Learning

Dear Parents/Carers,

We hope you and your families are well during this very unusual time.

We continue to ensure your son/daughter's learning is not affected during the Coronavirus (COVID 19) school closure. Students now have new summer term booklets for all of their subjects to complete. This is in addition to the continued weekly Hegartymaths and CenturyTech set by maths, English and science which is set every Monday on ClassCharts and monitored by class teachers and heads of years.

Students should continue to read for 30 minutes per day as a minimum as it improves their vocabulary and language skills; subconsciously, they absorb information on how to structure sentences and how to use words and other language features effectively in their writing and speaking. Through reading a variety of books children learn about people, places, and events outside of their own experience(s) which is crucial whilst they are not in school.

In addition to this there are numerous resources online such as:

- BBC Bitesize Secondary
- Educational Programmes - BBC Teach YouTube Secondary
- Mental Health – BBC Bitesize
- Audible Stories: Free Audiobooks
(An extensive list with links can be found on our school website.)

Students should continue to use their usual school timetable in their planners to ensure good daily routines are instilled. It will help them divide their time appropriately for each subject.

Students may not be in school but their learning and well-being remains our priority. We thank you once again for your continued support and we look forward to welcoming your son/daughter back in the next academic year.

Kind regards,

S. Madhvani

Miss Madhvani

Assistant Headteacher – Teaching and Learning
