Dear Parent/Carer,

As you are aware your child will be **studying independently from home** from Tuesday 5<sup>th</sup> January. Mr Roberts will then write again to you at the end of the week to inform you of the provision starting from 11th January 2021.

Your son/daughter has access to high quality digital tools to study independently from home. Your child frequently uses a digital tool called CenturyTech, these login details can also be found in your child's planner and the platform can be accessed at <https://app.century.tech/login/>. The digital learning platform has been pre-set with units from your son/daughter's curriculum. It allows your child to work through maths/English/science units independently – videos explain the content followed by practice exercises and tests to check understanding. Your son/daughter also has access to Language Gym to complete their Spanish work, this digital tool can be accessed at <https://www.language-gym.com>, again your child already has their login details.

## CenturyTech

Century is an award-winning teaching and learning platform for primary and secondary schools, colleges and universities. The website gives students regular tests on material they have covered in a range of subjects and aids understanding and retention.

The digital platform provides videos giving explanations, practise exercises and tests to check understanding. CenturyTech uses artificial intelligence technology and tailors the learning accordingly – progressively harder or easier to secure understanding before moving on.

Using the website is easy. Students go to <https://www.century.tech/>. To login, the students click 'log in' and enter their details.

Students have their usernames in their planners, their passwords have been pre-set to '**riverside**'.

Once logged in, the students follow their 'path', which appears here. In the top right corner, they can also select between subjects. Appropriate courses have already been pre-assigned to your son/daughter so they carry out this digital learning independently.
